PROFILE SUMMARY

Highly skilled Frontend developer with 1 years plus of experience in developing web applications. Proficient in React, Nextjs and related technologies. Strong background in web development and a passion for creating efficient and scalable web applications. Excellent problem-solving skills and a strong attention to detail.

PROFESSIONAL SKILL

- React, Nextjs
- HTML, CSS, Js
- Tailwindcss
- Git & GitHub
- React Redux
- Figma

RELEVANT SKILL

- Problem-solving and analytical skills.
- Good communication skills and ability to work in a team environment.

EDUCATION

- Nepal Mega College

 - Bachelor In Computer Application (BCA)
- Kathmandu Bernhardt College

 - +2 Management in Computer Science

WORK EXPERIENCE

- Junior Forntend React Developer | Dome Infosys

2024/01 - PRESENT

 - Junior React Developer skilled in building responsive web applications using React and Next.js. Proficient in creating interactive UI components and optimizing code performance. Experienced in API integration and enhancing user experience.
 - Developed responsive web applications using Next.js, and Server-Side Rendering (SSR), ensuring SEO-friendly content by pre-rendering pages on the server.
 - Created custom React hooks to streamline component logic and improve code reusability, enhancing the maintainability of large-scale applications.
 - Integrated Tanstack Query (React Query) and RTK Query for efficient data fetching, caching, and synchronization with backend APIs, reducing the need for redundant network requests.
 - Implemented state management solutions using Redux Toolkit and Context API to maintain global application state, simplifying data flow and enhancing scalability across complex React applications.
 - Strong communication and teamwork, working well with different teams to share ideas and build user-friendly applications together.

- Assisted in developing full-stack web applications with Django backend and React.js frontend, focusing on building responsive UI components in React.js. Collaborated on debugging and performance optimization.
- Developed responsive and reusable UI components in React, collaborating with the team to integrate these components with Django REST APIs, enhancing the efficiency and maintainability of the application's frontend.
- Implemented debouncing techniques to optimize API calls and improve performance, reducing server load and ensuring smoother interactions for users

PROJECTS

Hye : Travel Website

Feature: Travel Packages / Online Booking / SEO / Customer Reviews / Responsive Design / ServerSideRendering(SSR)

Technology Used: NextJS ,Tailwind,Git ,Postman,TanStack,TypeScript

Visit site: <https://www.hye.com.np/>

SNB Consultancy

Features: Appoiment / Blog / Registration form / Country details / University details / Customer Reviews / Responsive Design

Technology Used: NextJS ,Tailwind,Git ,Postman,TanStack,TypeScript

Visit site: <https://www.snbconsultancy.com.np/>

Pokhara Motors

Features: Product Catalog / Online Ordering / Wishlilst / Cart / Store Locator / Customer Reviews / Responsive Design / Social Login / Country Selection / Infinite Scrolling

Technology Used: ReactJS ,Tailwind,Git ,Postman,TanStack,TypeScript

Visit site: <https://www.pokharauae.com/>

GladStone

Features: Attendance using / task management / Password Bank / Flnance Management / Role Mangement / Payroll management / Responsive Design / Leave Management

Technology Used: React js ,Tailwind,Git ,Postman,Typescript

Visit site: <https://admin.domehrms.com/login>
